REPORT
CARD**

GRADES : 6 7 8

State and federal laws require public school districts to release report cards to the public each year.

STUDENTS

RACIAL/ETHNIC BACKGROUND AND OTHER INFORMATION

	White	Black	Hispanic	Asian/ Pacific Islander	Native American	Multi racial /Ethnic	Low- Income Rate	Limited- English- Proficient Rate	High Sch. Dropout Rate	Chronic Truancy Rate	Mobility Rate	Attendance Rate	Total Enrollment
School	74.8	2.6	6.0	16.4	0.3	0.0	12.3	6.0		0.2	3.8	96.2	666
District	74.3	2.7	11.5	11.4	0.1	0.0	13.8	13.2		0.1	7.7	95.6	4,130
State	56.7	20.3	18.3	3.7	0.2	0.7	40.0	6.6		2.2	16.1	93.9	2,062,912

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

EXPENDITURE BY FUNCTION 2003-04 (Percentages)

REVENUE BY SOURCE 2003-04				EXPENDITURE BY FUND 2003-04

OTHER FINANCIAL INDICATORS				
	2002 Equalized Assessed Valuation per Pupil	2002 Total School Tax Rate per \$100	2003-04 Instructional Expenditure per Pupil	2003-04 Operating Expenditure per Pupil
District	\$361,784	2.51	\$6,122	\$10,763
State	**	**	\$5,216	\$8,786

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. These performance measures include only those test scores for the grades and subjects (reading, mathematics and science) included in your school. The results for 2003-04 were recalculated to reflect only reading, mathematics and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

OVERALL ILLINOIS MEASURE OF ANNUAL GROWTH IN ENGLISH (IMAGE) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

ISAT Grade 7

ISAT Grade 8

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

ILLINOIS MEASURE OF ANNUAL GROWTH IN ENGLISH (IMAGE)

Students enrolled in state-approved transitional bilingual programs for less than three years take IMAGE if they are unable to take ISAT/PSAE due to their lack of proficiency in English. The table below presents IMAGE results for these students. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Beginning - Students at this level begin to read and understand short, simple text supported by illustrations or personal experiences. Students begin to communicate ideas in writing through word lists, phrases, or simple sentences.
- Level 2 --Strengthening - Students at this level read and understand simple text supported by illustrations or personal experiences. Students maintain a focus in writing through simple or repetitive language.
- Level 3 -- Expanding - Students at this level read text with increasing understanding of abstract and/or unfamiliar content. Students communicate ideas in writing with increased detail, organization, and variety of language.
- Level 4 -- Transitioning - Students at this level read and understand an increasingly broad range of materials required for academic success. Students communicate ideas with control of language and writing features required for academic success.

For Mathematics see ISAT or PSAE descriptions of the performance levels.

Economically Disadvantaged														

Four Conditions Are Required For Making Adequate Yearly Progress (AYP)

1. At least 95.0% tested for Reading and Mathematics for the All Group and Subgroups. If the current year's participation rates are less than 95%, the participation rate for AYP will be considered sufficient if the average of the current year and the preceding year is at least 95%, or if the average of the current year and the two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% but 'Met AYP' is 'Yes', it means the 95% condition was met by averaging.
2. At least 47.5% Meeting/Exceeding Standards for reading and mathematics for the All and each subgroup; for subgroups under the 47.5% Meeting/Exceeding requirement, a 95% confidence interval has been applied; or meet Safe Harbor requirements.***
3. For those schools not making AYP because of the IEP subgroup only, 14% was added to the percent Meeting/Exceeding Standards for this subgroup to calculate AYP as provided by the new federal 2% flexibility.
4. At least 89.0% Attendance Rate for non-high schools or at least 67.0% Graduation Rate for high schools

* Includes only students enrolled as of 9/30/2004.

** Safe Harbor Targets of 47.5% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe harbor only applies to subgroups of 45 or more. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. Safe harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

This is the final section of the school report card in which your school and district provide information below on areas of success and areas for planned improvement based on your school's improvement plan.

(For report cards disseminated electronically, this information may be provided in a separate document due to differences in the software used. If you are unable to locate this document, please contact your local school or district office.)

Springman Middle School students perform well overall on the Illinois Standards Achievement Test (ISAT). The 2004-05 results include “outstanding” performance in Reading (88.5%), Mathematics (82.3%), and Science (88.6%). The figures noted refer to the percent of our students meeting or exceeding the State goals. (The percentages noted reflect ALL students tested.)

Teachers continue to observe a wide variety of student needs within the classroom. In order to meet these needs, teachers must examine student differences in understanding, learning modalities and interests; and plan accordingly to allow for different learning rates, and to structure tasks of varying complexity. Last year the staff received training in interpreting NWEA data in order to differentiate instruction along with training in the use of NWEA instructional resources. This included extensive training in the use of Lexile scores to better meet the needs of all our readers. The reading specialist worked with our lowest readers (as identified by NWEA scores) in 6th & 7th grades through the use of small group pull-out classes and co-teaching in the content areas. This year, our work on differentiation will continue as we will conduct individualized goal-setting with each student utilizing NWEA test data to help shape those goals. Students will be taught how to interpret their test scores and use them to identify areas of strengths and areas for growth. Teachers will use a variety of NWEA resources to guide students in goal-setting and also to personalize instruction based on these goals. Staff will receive additional training on the use of NWEA data as well as present their work on goal-setting at the Illinois NWEA Conference in the fall.

As part of the district’s 3-year plan to improve student reading, Springman Middle School will implement an independent reading program across all grade levels this year. This program will provide all students with 90-minutes each week for independent reading. This reading time will be implemented across subject areas and will utilize both fiction and non-fiction materials. Students will be given opportunities to discuss their reading with each other and with their teachers. Additionally, teachers will conference with students throughout the year to discuss their reading progress and selection of materials. In the spring, our focus will shift from independent reading to guided reading. Staff will receive training in the creation of mini-lessons to support readers, how to help students select appropriate materials, and how to facilitate class discussions.

A large focus of last year’s School Improvement Plan was the creation of a study skills curriculum. This curriculum focuses on seven main skill sets: Organization, Classroom Participation, Studying, Research, Test-Taking, Reading/Writing, and Project Management. This year we will implement this curriculum; each skill set will be taught through the disciplines to insure that the skills are being taught in context and become imbedded in how students learn. The curriculum spans all three grade levels. Every teacher in the building will participate in implementing the curriculum this school year. A committee comprised of teachers and an administrator worked this summer to create a resource packet for teaching study skills that would provide staff with a variety of tools to use in teaching the various skill sets. The packet of resources will once again be reviewed and refined throughout the course of the year as implementation of the curriculum occurs.
