Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 70.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 70.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 70.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 78% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.

** Safe Harbor Targets of 70.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Westbrook School Improvement Plan

Executive Summary 2009-10

Westbrook School Improvement Plan Executive Summary 2009-10

The Westbrook School Improvement Planning Team facilitated the development of the 2009-10 School Improvement Plan through collaboration with colleagues and analysis of benchmark data and trends. The Westbrook staff participates in a continuous improvement process to increase student achievement by addressing four questions: *What are the essential outcomes for student learning? How will we know when students have mastered these outcomes? How will we respond when students do not learn? How will we respond when students have already mastered the outcomes?* Our goal is to differentiate instruction to meet the individual needs of students. Primary goal areas in the Westbrook 2009-10 School Improvement Plan are implementation of the response to intervention model, problem-solving adequacy, and writing.

Goal One:

Using high-performing norms, increase the percentage of students meeting or exceeding the 50th percentile in literacy and mathematics.

Strategy I:

Maintain implementation of three-tiered model for reading instruction.

Strategy II:

Establish a three-tiered model in the area of mathematics.

- Identify benchmark assessments at each grade level. Explore and identify resources for a three-tiered system of intervention for each grade level.
- Identify personnel to support training, data collection, and the implementation of the intervention.
- Identify scheduling opportunities for implementing interventions.
- Begin to implement the three-tiered intervention model at each grade level.

Strategy III:

Increase/maintain staff knowledge of the problem-solving process.

- ∞ The Problem-Solving Committee will deliver or facilitate the delivery of professional development (at the team level) on the Rtl process, technology to support Rtl, and roles and responsibilities.
- ∞ Continue to identify and train meeting facilitators, case managers, and note-takers.

Goal Two:

Increase our (staff) ability to problem-solve as measured by the organizational health survey.

Strategy I:

Increase access to information so that we can proactively identify and resolve issues.

- ∞ Continue to identify staff members to attend Standing Committees and share information at each Building Council.
- ∞ Utilize the Decision-Making Matrix. The facilitator will have the Matrix readily available at Building Council to assist with questions/decisions.
- ∞ Develop a committee structure that explicitly defines the purpose for each committee and the process for bringing items forward for committee review.
- ∞ Develop a communication tool (e.g., website, committee calendar) which gives all staff members access to committee agendas and minutes.

Goal Three:

Increase our understanding of Writers' Workshop to support student achievement in writing.

Strategy I:

Establish a Writing Committee to assess staff development needs and promote grade-level sharing.
