

Enrich *your child's* afternoon with our
Kindergarten Extension Program

- Small class sizes for individualized lessons
- Affordable tuition for superior education
- Positive, supportive learning environment
- FREE shuttle from Henking to GNCS
- Art, music, STEM and service learning classes
- To further extend their day, students may opt to enroll in after school enrichment classes including cookie making, handwriting, photography, spanish and more!

"We sent our children to this school and loved the small community feel to it. It was a safe, loving environment. It was an excellent education. Their music and art programs are outstanding; the campus is amazing—lots of land and plenty of outdoor activities. We just love the school and can't say enough great things about it."

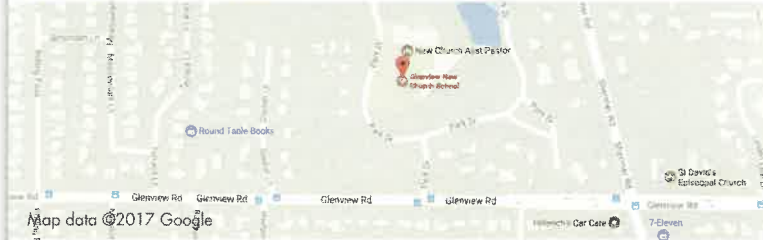

★★★★★ – A GNCS Parent

Kindergarten *afternoon* program
 to complement *Henking...*

GNCS offers a Kindergarten afternoon program to extend district 34's morning Kindergarten program

"I would like to say that my experience with the Glenview New Church School has been wonderful. Due to the small class sizes my child has had a lot of individual attention from the teachers and it has helped him develop his abilities and personality tremendously."

★★★★★ – Sabrina S., Parent
